HAPPY NEW YEAR 2001!

Dear GLOBE friends,

Here we are approaching the end of the year during which we have been observing the planet we live on in order to learn more and help others to learn more about it. We have been doing that with love and enthusiasm, our main goal being to benefit the environment and make it a better place to live in for us and for generations to come. Our efforts have been awarded with valuable results we have acquired and with lots of friendships we have made.

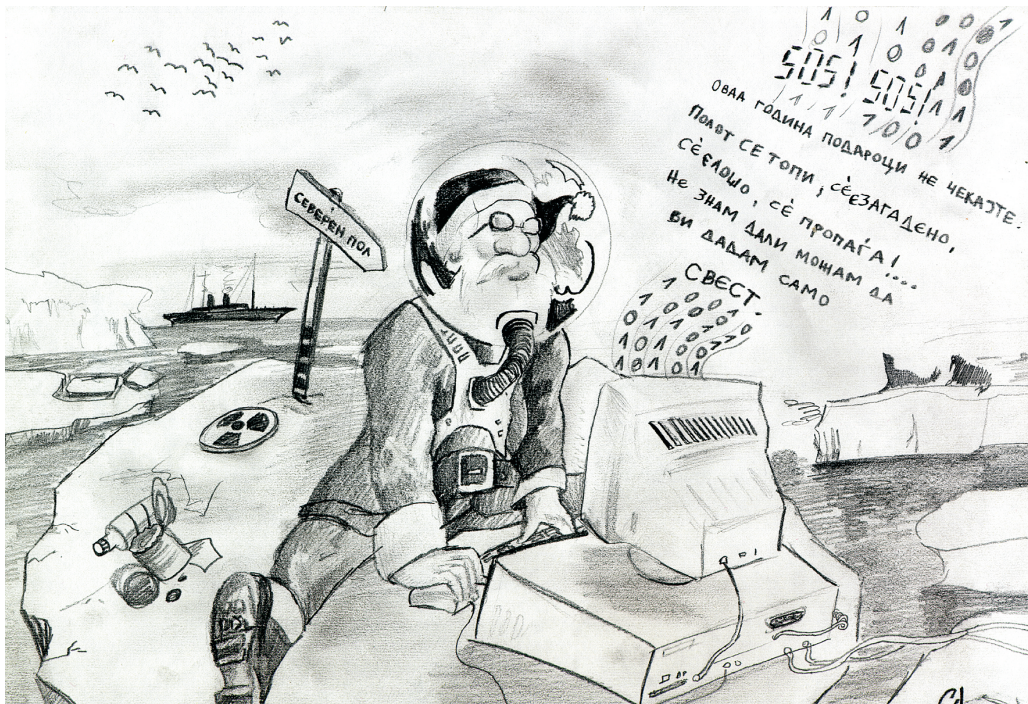

And now, as we are standing on the threshold of the New Year- the first one of the new Millennium may I share my hope with you that we will continue to work together and serve the same goal- the welfare of our common mother- the Earth. And may happiness, joy, health, and success be with you, your families and friends everyday of the year of 2001.

Terziska Blagica
DSU "Aco Ruskovski" - Berovo

Wishing you a Happy New Year and Merry Christmas.

I remain yours,

Stefcho Andonovski
DSU "Aco Ruskovski" - Berovo

Your Conscience

I am always with you
I know all your weaknesses and your qualities.
I know that you will consciously undertake your responsibilities, I know that you sing well..I know that...

I know that once you broke a branch from the seedling, I know that you have never planted any seedlings, I know that you often throw paper from your meals on the street, I know that when you go picnic you leave your garbage behind, I know that the garbage from your wheelbarrow you throw into the river, I know as well that you throw garbage from your terrace. I tell you I know everything about you and I am very ashamed by a lot of your actions.

I cannot wait to see you become environmentally aware, so that I can be proud of you. You are asking yourself who is talking to you? I am your conscience.

Natasha Furnadziska
DSU "Aco Ruskovski"- Berovo

GLOBE in Berovo

The Ecology Club which is very active within Aco Ruskovski, Berovo has this past month been working on planting trees in the school yard. Approximately 16 seedlings have been planted.

The members of the Ecology Club have also cleaned-up the old schoolyard and building. In this moment the Ecology Club works on the realization of a project for a New Years and Christmas Celebration.

On behalf of the director and all the instructors as well as in the name of the students and participants in the GLOBE section, I would like send best greetings to all the readers of the GLOBE Newsletter and to wish them a Happy New 2001 and Merry Christmas!

Slobodan Pandov - GLOBE instructor
DSU "Aco Ruskovski"- Berovo
